

What are the advantages of being an AFSA member?

What is and who are AFSA?

Formed in 1972, the Australian Fertiliser Services Association (AFSA) is the industry body for businesses and people who spread, distribute, sell, store, transport, manufacture or provide advice on the use of fertilisers or soil ameliorate products. Being a company limited by guarantee, the Association is governed by a board with committees and members in each state, AFSA is recognised by federal and state governments as an industry leader.

The networks within the Association are most valuable to members and are a feature of the Fertiliser Services Industry. They enable members to identify and develop business opportunities, to address business and technical concerns and keep up to date with industry developments.

“ From AFSA, I get an organisation that brings together Fertiliser Services people that includes suppliers and like-minded Contractors that can share ideas for the greater good of the industry. That person could be my neighbouring contractor or someone from WA, it doesn't matter who or where, we can all learn from one another's experiences ”

AFSA ordinary membership

\$583 per year

(incl GST) plus \$30.60 per employee (capped at \$800 per business)

This membership is available to individual businesses who handle fertiliser, lime, gypsum and compost.

The membership fee includes the national/state branch fee plus a fee for each employee.

This type of membership is available to any registered business (with its own ABN) that is a supplier of fertiliser etc, transport operator, spreading contractor or depot operator.

AFSA corporate membership

\$583 per year

(incl GST) per year for the head office, with required states being invoiced \$112/state (incl GST)

This membership is available for corporate businesses who operate nationally.

It is different to the ordinary membership as the fee is not calculated by the number of employees.

This type of membership entitles a company to have representation in one or more states across Australia.

The membership fee includes a national fee plus one (or more if required) state fee.

This type of membership is available to fertiliser manufacturers, fertiliser importers, fertiliser equipment suppliers, lime & gypsum supplier, supplier of fertiliser etc, transport operator, spreading contractor or depot operator
